

# Belleville Area College

Belleville • Granite City • Red Bud

July 6, 1999

To Whom It May Concern:

The Senior Companion Program is grateful to have Stock's Underhood Specialists in our community. We have 101 Senior Companions in our program and at our monthly meetings we draw a lucky person's name for a free oil change and a preventive maintenance inspection. Our Senior Companions think it's great and so do we. Paul Stock initiated this service himself. Paul has even spoken to our group about specific car maintenance at one of our meetings.

The Belleville Area College Senior Companion Program appreciates what Stocks does for our senior community.

Sincerely,

Vicki Rose, Director  
Senior Companion Program

VR/js
